# Our Mission

Florida Southern College is committed to educational excellence and is a selective, comprehensive, private United Methodist college with a strong liberal arts core and signature programs. The college enrolls a talented student body and includes an accomplished faculty who are dedicated to teaching excellence. Outstanding opportunities for interdisciplinary learning, student-faculty collaborative research and performance, service learning, study abroad, and honors study are distinctive features of the academic program at Florida Southern. The college offers exceptional student life programs, including a championship athletic program.

It is my great pleasure to introduce the 2008 issue of the Florida Southern College Interlachen. May this yearbook serve as a visible reminder of the classmates, faculty, and staff who were a part of this special year, and may these pages hold for you a lifetime of wonderful Florida Southern memories.

As Bethany Evans, a junior communication major from Gettysburg, Pennsylvania, recently said, "Florida Southern is a college really on the move." This has been an exciting year with restoration of the Frank Lloyd Wright Esplanades, the upper balconies of the Annie Pfeiffer Chapel, and premiere of Mr. Wright's Water Dome. We held our groundbreaking ceremony for the Dr. Marcene H. and Robert E. Christoverson Humanities Building, the first classroom building to be built on our campus in twenty years. In the spring, we celebrated the completion of the first Barnett Residence Hall, offering students amazing lake-view rooms and living spaces in the state-of-the-art facility designed by Robert A. M. Stern, one of the greatest architects of our time, and construction on the second residence hall will begin over the summer. In the coming months, construction will start on the Sarah D. and L. Kirk McKay, Jr. Archives Center and the Joe K. and Alberta Blanton Nursing Building.

We continue to garner national recognition through our increased ranking in U.S. News & World Report, where we are now ranked in the Top 5 "Best Baccalaureate Colleges in the South," our inclusion in The Princeton Review's "366 Best Colleges" guide, and our first-time inclusion in the Fiske Guide to Colleges. There is a great spirit of excitement on campus as our talented students work with outstanding faculty members on a variety of fascinating research projects and performances and as our community participates in a full complement of social, athletic, spiritual, and academic activities that allow us to achieve our mission of preparing students to make a consequential impact on society.

Outstanding student accomplishments are happening throughout all academic departments and student life – indeed the caliber of student talent, commitment to service, and quality of student leadership is truly extraordinary. I congratulate you and thank you for making this community such a distinctive and special place and for garnering important recognition for FSC through your accomplishments.

FSC is indeed a college on the move, and I am very glad that you were a part of this unique community. I wish each of you great success and great blessings.

Anne B. Kerr, Ph.D.  
President

# from the Editor

Time flies on the Florida Southern campus, spend it wisely! The Interlachen staff and I would like to applaud everyone for completing another year at FSC. As we wrap up another year, we sit back and wonder -- where did the time go?

It seems as if just yesterday I stepped into the Wellness Center gym as a freshman and went through orientation. I think the photograph on my FSC ID can support my feelings at the time -- totally overwhelmed and confused. Four amazing years have passed since that sunny August day, and the number of memories I have captured is endless.

It is my pleasure as Editor-in-Chief to help capture your years at FSC on camera. As you flip the pages of this book you will see the faces of your fellow classmates, professors and staff. These are the people that define your years at Florida Southern.

A part of remembering this institution is reminiscing about the people who made the experience the way it was. Whether it's a group photo of your sisters, the academic club in which you were a member, or the ACE event you attended -- we were there. Sporting our red shirts and spiffy equipment, we were snapping shots and filming so that we could combine everything that took place on the campus as a souvenir for you, to have forever.

Ultimately, we created this book for you, our fellow classmates. We did it so that in 20 years, you can show your children how good you looked! Well, that and so that we can always remember each other. Whichever path our lives take, we will always be united by Florida Southern College, our alma mater.

Congratulations to the class of 2008!

Noa Sharf

# 10 Things That Make You A

# MOC

- 1** You can't help it, but you secretly want to ride in the Moc Shaw.
- 2** All you do is complain about Lakeland, but when someone disses it you defend it with all your pride.
- 3** When Dr. Kerr is around, you can't help but smile... must be the red suit.
- 4** You plan your wardrobe around Red Friday's.
- 5** You still can't understand the difference between Moc Bucks and Moc Points.
- 6** You have Soulja Boy on your iPod on repeat.
- 7** You have become an expert at packing your belongings.
- 8** You have become extremely lazy. Instead of taking the 5 minute walk to class, you drive and look for parking for 10 minutes.
- 9** When you use 4 of your 3 absent days.
- 10** Saturday is your favorite day, mostly attributed to Steak and Shrimp in the café.

# Study Abroad 2007

FSC students have the unique opportunity to expand their knowledge and education overseas. FSC offers various educational travel trips during the May Option that allows students to share the study abroad experience together while creating memories that will last a lifetime. This summer's past trips included England, France, Spain, China, and Australia, New Zealand and Fiji.

Each trip offers different courses, which allows a variety of students of different majors to attend. The professors who teach the classes attempt to make them as relevant to the location in order to better each student's understanding of a different culture.

Not only do the students have the opportunity to learn more about the country and its culture, in some of the trips such as the Spain, they live with a local host family for the duration of their stay. Art students were given the opportunity to photograph the beautiful sights of Australia, Fiji, and New Zealand, while the business students who attended the China trip had an exclusive tour in the local CNN offices and a breathtaking walk on the Wall of China. The historic castles in the suburbs of London were turned into dorms for the English trip. And the students of the France trip spent long nights in the city of light, Paris, under the Eiffel Tower.

Mat Hotho's night photo of Sydney, Australia won first place in the Study Abroad Photo Contest.

submitted by Lyndsey Primosh

"One of the best memories from the trip was taking a rental car up to a small town north of Cairns, Australia. The drive was intense, driving on the left side of the road up a mountain and back down. We stopped at a beach along the way and got some time to explore Australia on our own."

# Congratulations!

## Other Honors

### **Joseph Murphy received the Robert W. and Susan E. McKnight Scholarship**

September 3, 2007 – Joseph Murphy, a senior political science major, received the Robert W. and Susan E. McKnight Scholarship.

### **Daniel Rindt chosen to serve on Student Advisory Committee of Lambda Chi Alpha fraternity**

September 26, 2007 – Senior Daniel Rindt has been appointed as a member of the Student Advisory Committee (SAC) of Lambda Chi Alpha, one of the largest men's general fraternities in North America.

### **Dr. Marva Kear elected to board of directors of Florida Nurses Association**

October 9, 2007 – Dr. Mavra Kear, chair and associate professor of the nursing program, was elected to serve as director-at-large on the Florida Nurses Association (FNA) board of directors for a two-year term.

### **Megan Ashley Hoak was awarded President's Scholar Medal**

January 2, 2008 – 2007 graduate Megan Ashley Hoak received the President's Scholar Medal during winter commencement on December 15. The medal is awarded to students with a 3.85 or higher grade point average who represent the best qualities of an FSC student, participating in the life of the college and the community.

### **Greek Life director received National Theta Chi Fraternity award**

January 8, 2008 – Amanda Dunivan, director of Greek life, received the Floyd W. Field Award for Outstanding Greek Affairs Professional.

### **Marketing management students presented to General Motors executives and win scholastic achievement award**

January 11, 2008 – Florida Southern College marketing management students gave a presentation to General Motors executives on January 17 at Michael Holley Chevrolet in Lakeland. They later repeated the presentation in Atlanta, Georgia after they won the Scholastic Achievement Award (SAA) in the Chevrolet Marketing Internship Program competition for the Fall 2007 semester, awarded by EdVenture Partners and Chevrolet.

### **Ellen Weaver takes first place at U.S. Pony Club Research Fair**

February 4, 2008 – Junior Ellen Weaver was awarded first place for her presentation given at the United States Pony Club (USPC) Research Fair held January 23-27 in Boston.

### **Head athletic trainer, Al Green, received SEATA Award of Merit**

February 12, 2008 – Al Green, head athletic trainer and assistant athletic director was selected to receive the Southeast Athletic Trainers Association's (SEATA) Award of Merit.

### **Krista Miller earns top awards at Forensic State Championship**

February 15, 2008 – Sophomore Krista Miller earned a 4th place "After Dinner Speaking" title in the Florida Interstate Forensic Association (FIFA) state championship held from February 9-10 at Florida State University.

# AUTOGRAPHS AND MEMORIES

# In Progress at FSC

FSC has, and will soon see many great additions to its developing campus. One of the main additions this year is the Frank Lloyd Wright Water Dome, which was activated in a ceremony on October 25, 2007, as a part of the restoration of the Frank Lloyd Wright campus. Hundreds of people gathered around the dome, located in front of the Roux Library, as they counted down the seconds to the blasting of the water. It was a long time dream from Wright, who, due to lack of technology, never got the opportunity to see his creation come to life.

The Badcock garden dedicated by the Badcock family has been a wonderful new addition to our campus as students get to walk past it everyday on their way to class. Also the renovation of our cafeteria, where most of the students spend their time, donated by Wynee Warden as it became Wynee's Bistro. Plans for the Dr. Marcene H. and Robert E. Christoverson Humanities Building are also underway. This building will feature new classrooms, as well as a film studies center and will be the new home of the English, theatre and modern language departments.

Furthermore, the Joe K. and Alberta Blanton Nursing Building will follow soon with a new donation from Blue Cross and Blue Shield of Florida. This new addition will be located on the corner of Johnson Avenue and East Park Street, and will provide students a great foundation for their future nursing careers with up-to-date technology in the classrooms that will enable a hands-on-learning environment. The FSC community is very appreciative of the additions to the campus that are made possible by generous and dedicated donors.

**ATHLETICS**

# BASEBALL

**L**ed by seniors Brian Schultz and Tristan Rainone, the FSC baseball team is looking to win school's tenth NCAA National Championship. The 2008 baseball team was loaded with potential as they had seven returning seniors, experienced lineup and a solid pitching rotation that looked to improve on their successful 44-16 record from last year. Under the guidance of head coach Pete Meyer, the Mocs have the possibility of making the 2008 season their best yet.

# MEN'S BASKETBALL

Winners of the Sunshine State Tournament

**L**ed by junior Rob Eldridge and mentored by head coach Linc Darner, the FSC men's basketball team had the whole campus rattled with their exciting playing this season. With a tough season last year, this year's team has worked hard to tie the greatest one-year turnaround in the school's league history. With a great backcourt play of Rion Rayfield and Brandon Jenkins, the Mocs made it to their first Sunshine State Conference Tournament championships since 2003.

# WOMEN'S BASKETBALL

**L**ed by freshmen phenom Chelsea Johnson and junior Emer Foley, the Lady Mocs basketball team had their best season since 2004-05. The team success is due to the great coaching of Jarrod Olson who has inspired the ladies to have a tremendous turn around from the previous season. This year's team is poised to take the Lady Mocs basketball team to a higher level.

# WOMEN'S SOCCER

**L**ed by senior Amy Clampitt-Holsenbeck and junior Linda Hoglund, the Lady Mocs Soccer team had an overall record of 12-7-1, which was their best record in the team's ten year history. The Lady Mocs doubled their winning total from the previous year and have also broken records including goals scored (46), fewest shots allowed per game (9.6), and shutouts (7). With a successful season this year, the Lady Mocs are poised for another great season next year and are hungry for some post season wins.

# MEN'S SWIMMING

**L**ed by senior team MVP Craig Hildenberg, the FSC men's swim team tried to out swim the competition with youth this year. Even though the team had only two seniors, three freshmen with a great deal of high school experience joined the team. Two starting sophomores from last year's squad returned to round out the team. The team was ready to bounce back from a tough season last year and get back on the winning track.

ACADEMICS

# Art & Art History

The art and art history department offers students the chance to develop their artistic talents. The art department has a variety of classes, like painting, figure drawing, graphic design, and ceramics in up-to-date studios. The art and art history department holds many events at their Melvin Art Gallery that feature not only current students works, but also other professionals.

Lisa Erdman, Ligia Carvallo, James Rogers, Holly Murkerson, Bill Otremsky and the Art Department Family

photo by Ashley Kuehl

# Athletic Training

The athletic training department at Florida Southern College commits to preparing students to become certified athletic trainers. The staff focuses on teaching the necessary skills for certification by providing hands-on learning activities. By the time the students have completed all of their coursework in the athletic training department, they are more than ready to take the Board of Certification Examination.

photo by Noa Sharf

Sue Stanley- Greene & Mick Lynch

# Biology

The biology department at Florida Southern College helps students gain the necessary foundations in natural science for future careers, such as the field of medicine. The faculty of the biology department offer research opportunities to their students to help expand their knowledge and understanding in the field of biology.

Front: John Tripp, Nancy Morvillo, Laurence Campbell, Joseph Macedonia.  
Back: Erik Kjellmark, Robert Baum

photo by Noa Sharf

# Business & Economics

The business and economics division has the largest number of majors at Florida Southern College. This academic division offers courses in business administration, accounting, and economics, all which have specialized majors. The business and economics division has professional organizations and honorary societies to enhance the student experience. This division offers students the chance to succeed after college through internships that match their personal career goals.

photo by Ashley Kuehl

Gary Cook, Mike Knudstrup, Lynn Clements, John Stancil, Carl Brown, Nicholas Nugent, Cindy Hardin, Peter Bias, Craig Bythewood, Larry Ross, Joan Buccino, David Grossman, Paul Eberle

# Chemistry & Physics

The chemistry and physics department offers students the chance to further their knowledge of basic concepts of chemistry and physics through extensive labs and research. These programs are designed to help students pursue career goals in not only chemistry and physics, but also in fields like medicine, aerospace, and engineering.

Sitting: Carmen Gauthier, Michelle Leslie  
Back: Leon Gardner, Thomas Byrd, Mossayeb Jamshid, James Worden

photo by Noa Sharf

# Horticulture Science

The horticultural science programs prepare students for exciting careers, with an excellent job market in Florida and elsewhere. The program offers four majors: landscape horticulture (with concentrations in nursery production or landscape design), citrus, recreational turfgrass management and horticultural science. Students are well-prepared to go into their careers directly, or to go on to graduate school.

photo by Noa Sharf

Malcolm Manners and Curtis Peterson

# Criminology & Sociology

Students completing a degree in sociology will have knowledge of the basic concepts, theories, methods, and research in the field, and sociological perspectives on social structure, social processes, social institutions, the relationship between the individual and society as they relate to social issues and problems on the local, national, and global levels. The sociology program prepares its graduates for a wide diversity of careers. Program alumni are employed in business, law, teaching from the pre-school level through college, social work, counseling, social research, criminal justice, public administration, libraries, the ministry and many more.

photo by Noa Sharf

Renee Leto, Edwin L. Plowman, Sharon Masters, Dana Pigg

# Communication

Communication is the gathering and understanding of information through a common language. The communication department is dedicated to teaching that common language to the students at FSC. Communication students have a variety of concentration fields to choose from including public relations, advertising, print journalism and broadcast journalism. The professors in the communication department come from a wide variety of fields and backgrounds to enhance and reinforce the knowledge that the students receive. In the summer before the 2007-2008 school year the William F. Chatlos communication building underwent renovations to further accommodate the students and faculty. A bigger student lounge was created with new tile floors and comfy new furniture. Updates were also made to classrooms, desks and other equipment. The department featured many school events including the Child of the Sun Invitational Forensics tournament and the annual communication banquet. The communication department is the home of The Southern newspaper, Florida Public Relations Association, NSAC/Advertising Federation, the FSC National Broadcast Society, the FSC Forensics Society and the Interlachen, the school yearbook.

photo by Noa Sharf

Sitting: Victoria Wuertz, William Gregory, David Snodgrass

# Education

The education department at Florida Southern College helps develop students into passionate teachers. Through extensive coursework and internships with local schools, the education majors at Florida Southern College have an opportunity to excel on the Board Certification Exams.

photo by Noa Sharf

Cathy Criswell, Dave Wood, Judy Senzamici, Charles Watts, Jen King, Perry Castelli, Anna Maria DiCesare, Tim Toops, Melody Gregory, Yong Joon Park, Mary Sarver, Cindy Sprouse

# English

The English department helps students gain and develop the necessary critical and analytical thinking and writing skills that will help them succeed not only in everything they currently read and write, but also in their future careers. Along with rigorous coursework, the English department also offers students the chance to participate in organizations with other students in their major, like Cantilevers (literary magazine) and the Mechanicals (humanities club).

photo by Kerri Stinson

Front Row: Margaret Taylor, Catherine Eskin, Mary Pharr, Rebecca Saulsbury  
Back Row: John Crow, Keith Huneycutt, Peter Shreffler, Claudia Slate

# History & Political Science

The history and political science department is designed to give students the opportunity to connect what has happened in history and politics in the past with current critical events taking place now. Through internships, a student from this department will gain experience for future careers in fields such as teaching, state and government positions, or even law.

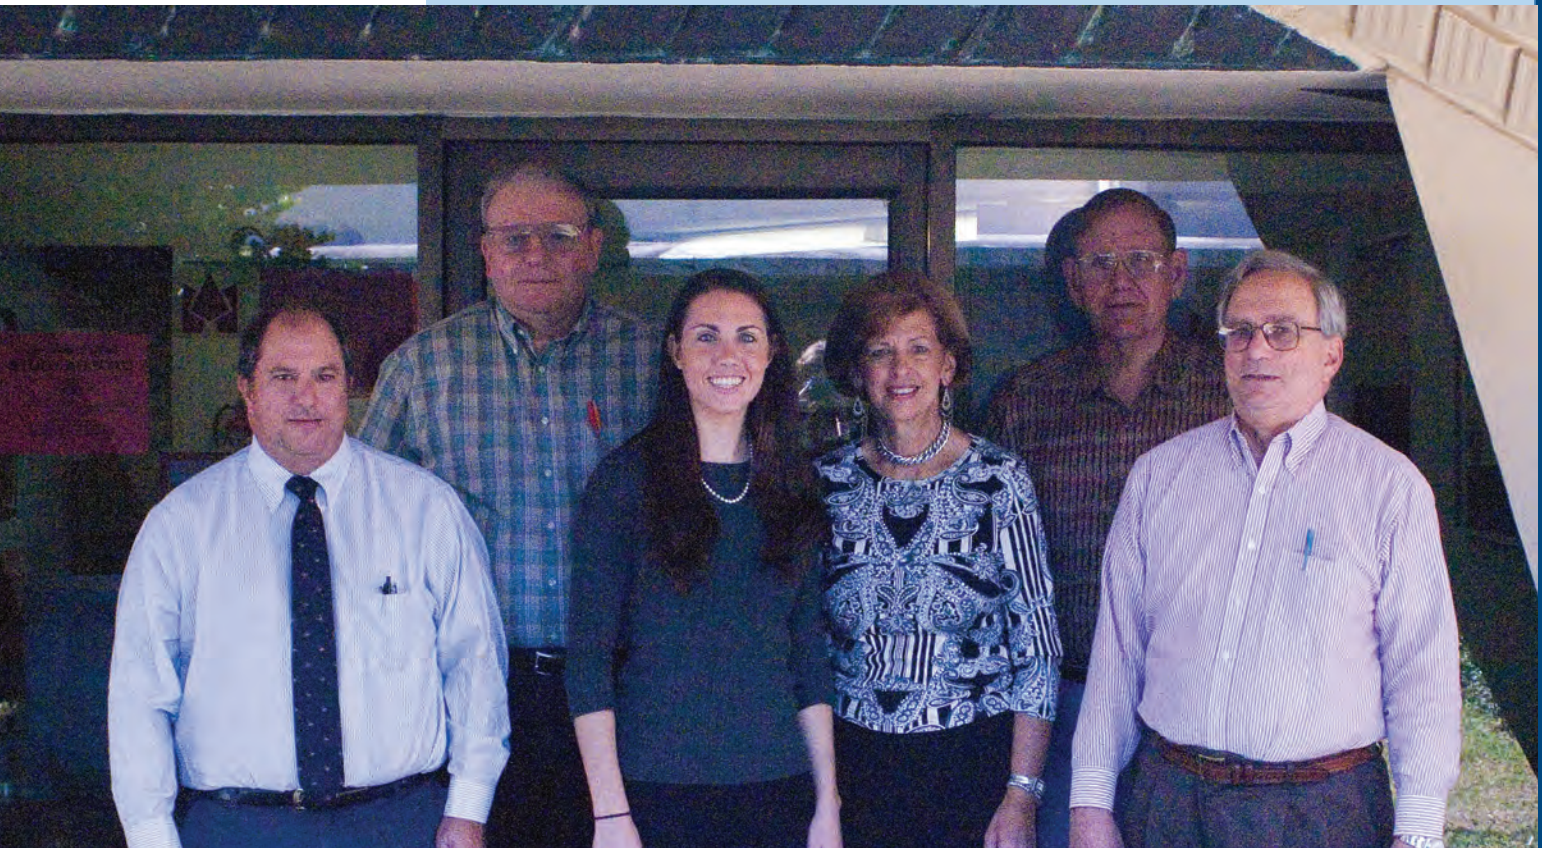

photo by Noa Sharf

Front: James Denham, Jennie Scully, Barbara Giles, John Santosuosso  
Back: Francis Hodges, Rand Sutherland

# Mathematics

The mathematics and computer science programs are intended to provide students with the computer science and mathematics foundations to enable further study or application in our highly technical society. Students graduating with a major in mathematics will demonstrate the understanding of the theoretical basis for proofs, problem solving and analytical problem solving in mathematics. Students graduating with a major in computer science or mathematics will understand the theoretical basis for computer programming, data structures, and software design and development as well as the mathematics skills previously mentioned. Graduates will have a broad foundation in mathematics and computer science sufficient to prepare them for graduate school or for employment in fields related to mathematics and/or computer science.

photo by Noa Sharf

Front: David Rose , Gwen Walton, Susan Serrano, Kenneth Henderson,  
Back: Allen Wuertz, Daniel Jelsovsky, and Shawn Hedman

# Modern Language

The modern language department at Florida Southern College offers three languages of study: Spanish, French and German. Through studies in these languages, students gain an advantage in the workplace because they have a strong understanding of the culture and language of other countries that they may come in contact within their field of work.

photo by Noa Sharf

# Nursing

A new nursing program opened in 2007 to prepare registered nurses at FSC. At the same time the department celebrated the 30th anniversary of their RN-to-BSN completion program that is offered as part of the Evening Program with special alumni events in March and October. The Nursing Honor Society initiated the first members at the beginning of the year, hosted three research seminars, and continued progress toward recognition as a chapter of Sigma Theta Tau International nursing honor society.

photo by Noa Sharf

# Physical Education

The physical education department's focus is on building knowledgeable instructors in the field of physical education. Through traditional coursework and different physical activities, students from this major gain strong backgrounds in physical education that can lead them to careers in the fields of teaching, coaching, and even health care fields.

photo by Noa Sharf

Kathleen M. Benn, John Hatten, Pat Oldenkamp, Nancy Cummings

# Psychology

The psychology department offers students interested in the field of psychology great hands-on experience and research opportunities. This department carefully matches their students to internships that closely related to the students ultimate career goals. This department also helps students interested in psychology gain professional skills in the field through their honor society, Psi Chi.

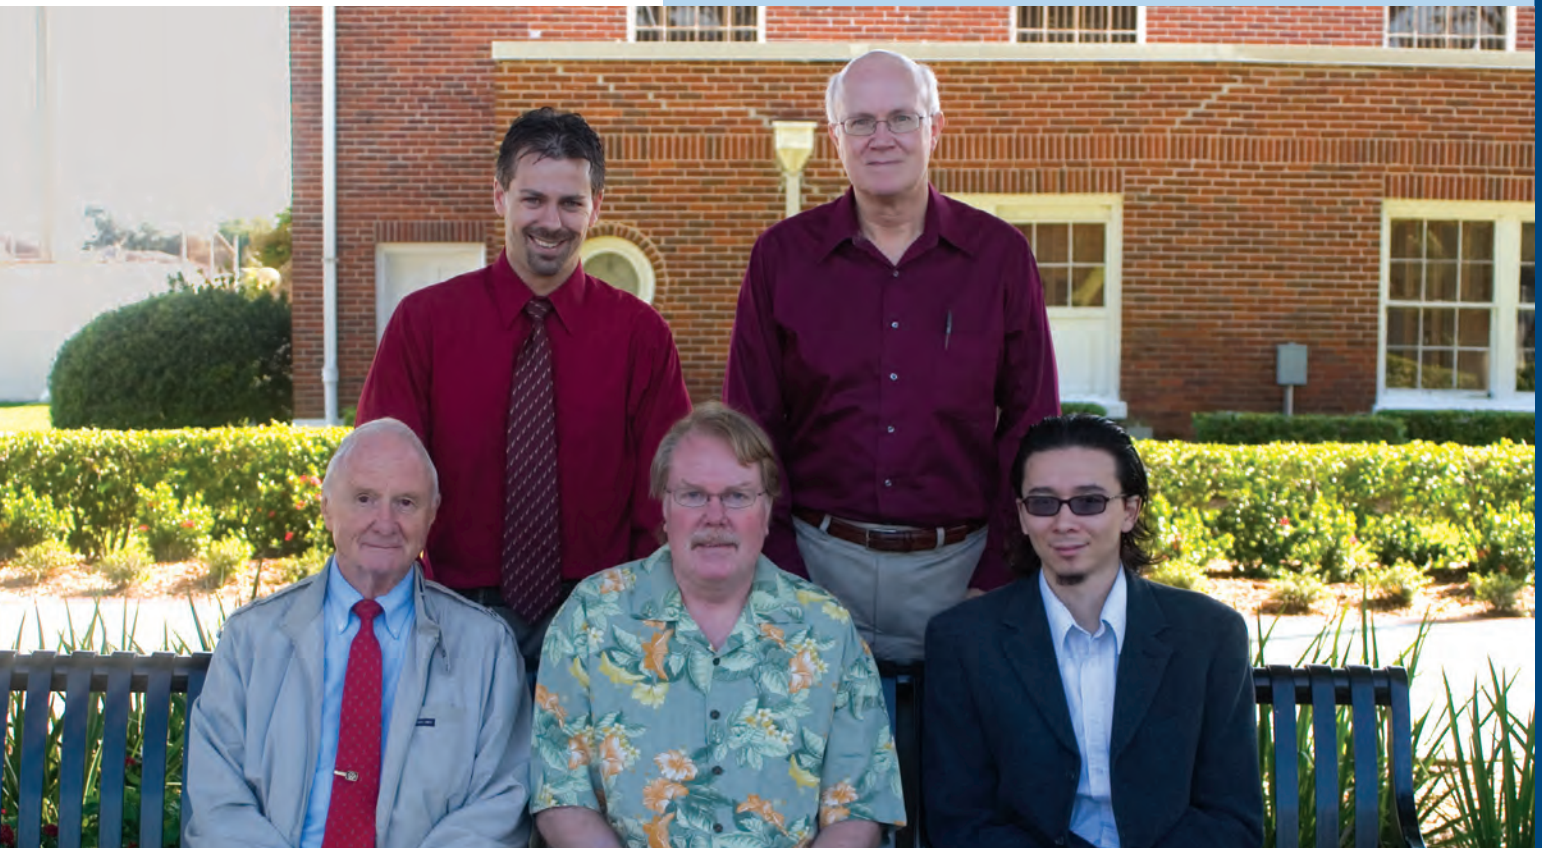

photo by Noa Sharf

Front Row: Richard R. Burnette Jr., Bruce W. Darby, Christopher H. Ramey  
Back Row: Patrick L. Smith, Christopher T. Weaver

# Religion & Philosophy

The religion program at Florida Southern College challenges students to develop a critical understanding and an appreciation of the histories, concepts, and traditions of the Judeo-Christian faith and of other major world religions. Students who major in Religion are well prepared for the challenges of graduate school and are readily accepted into graduate programs throughout the country. The Religion Program sponsors two annual campus-wide events: The Willis Lecture in Religion, and the Biblical & Theological Symposium. Members of the Religion Honorary, Theta Chi Beta, meet regularly throughout the year for discussion and conversation among students and the Faculty of Religion. The Religion Faculty also contributes to the Florida Center for Science & Religion meetings, lectures and events.

CAMPUS LIFE

# *Florida Southern Remembers:* *Biljana Cokovik, Meghan Kelly* *& Michael Szwed*

Jaclyn Beckett  
Editor-in-Chief, *The Southern*

Florida Southern's campus has endured a hard year with the loss of two beloved students and a recent alumna. On a campus as small as ours, losing three people who were near to the hearts of many can have a huge affect.

September brought the campus news of the death of a 2005 graduate, Biljana Cokovik due to injuries from a car accident. The loss was tough for many of FSC's seniors, members of the swim team and other friends, including faculty and staff members. The international student was involved in campus in many ways and was known among both the students and professors as being a dedicated and fun-loving person. She was honored with a well-attended memorial service at the pool, one of her second homes here on campus.

As we all returned to start our second semester of this year, we heard the devastating news that twins Meghan and Melissa Kelly had been in a car crash on their way to Southern. The campus was instantly filled with feelings of grief at the news that Meghan had died at the scene and Melissa was in intensive care.

This time, another sports team was wracked with pain — the soccer team. For the soccer team, this was the second death of a member that they have had in less than three years and this news was almost too much to bear. They stuck together, however and were there for the Kelly family and Melissa as she recovered.

A service was held to honor the life of Meghan on the soccer field once Melissa was well enough to attend and many students gathered on the field on a beautiful night in February.

Less than three weeks after the news of Meghan, the campus was hit with yet another loss. Michael Szwed passed away due to an injury to his spleen on the night of Men's Rush Bid Day. Mike, a member of Sigma Chi fraternity was loved and is dearly missed by many.

The administration, bewildered themselves, asked students to gather the following day in the Chapel to talk about what it meant for our campus to lose two students in such a short amount of time. Florida Southern students were in complete shock of the news and our campus had a hard time coping with the third death of the year — second in less than 20 days.

Again, the students really came together at this point — clinging to each other for support and did their best to be strong. It has been an extremely tough year, knowing that so many students have never dealt with a death in their lives and to lose a loved one, a friend or even just a fellow student acquaintance can be devastating. I have been more than honored to call myself a Moc this year, seeing the way that the campus has become a whole support system for each other and knowing that the students who left us will never be forgotten because they were so loved. It has never been more obvious than now that only the good die young. Biljana Cokovik, Meghan Kelly and Michael Szwed — forever in the hearts of Florida Southern and always, always remembered.

The new freshmen of the graduating class of 2011 began their orientation week on August 18, 2007.

New students and their parents began to check in at 9 o'clock on Saturday morning. Most days were packed with family welcoming, lunches for families and guests, and times to meet with advisors. During the night, activities included a Mix and Mingle event and a Kick-Off pep rally. Also, freshmen in Play-Fair, in which enabled students to participate in ice breakers to get to know some other freshmen students before heading to bed. On Sunday, many woke up bright and early to go to Mass or Church with their families. Others slept in until lunch, before meeting up with their parents. Nights were jam-packed with EXL get-togethers, book discussions and small group activities, until classes finally began on late August.

# BLAST OFF

This year Blast Off took place in the Wellness Center gym with red and white balloons lining the ceiling. The event welcomed incoming freshmen and returning upperclassmen back to campus for another year. It was a chance for students as well as faculty to get to know each other and have a good time before the fall semester began. There were games, activities and an array of food for students to enjoy.

# CONVOCATION

photos by Noa Sharf

September 12, 2007, students attended their first convocation of the semester, and there was no class. Students listened to Tom Morris, the

author of "If Harry Potter Ran General Electric," which was the freshmen common reading assignment. Also, students got the chance to celebrate with the women's golf team as they were awarded their championship rings during convocation. Afterwards, students had the opportunity to spend the day helping others at the Volunteer Fair, where they could participate in hands-on activities, or sign up to volunteer with organizations in the Lakeland community.

At "Dessert with the Dean," Matt Thompson, dean of student development, treated students to several dessert nights on campus during the fall semester. Each dessert night, students got the opportunity to ask questions and socialize, all while enjoying desserts prepared by Thompson's wife, Jennifer.

photos by Kerri Stinson

- ▶ Comedian Alonzo Bodden performed at the Bandshell for Florida Southern on November 17, 2007.
- ▶ Illusionist and magician Mike Super generated both excitement and amazement during his October 12 performance at Florida Southern College's Branscomb Auditorium ACE event. Students were handpicked out of the audience to participate in Mike Super's various "tricks." These tricks included a crowd stunning levitation of a Florida Southern College student, a Voodoo Magic trick, and a crowd game of Clue trick. A few lucky audience members that assisted him on stage were able to take home part of Mike Super's act; one student was able to keep the "trick" rope, and another student got a page out of Mike Super's magic notepad from the card trick. Overall, the crowd was truly amazed at Mike Super's illusion and magic show.

Written by Heather Cupp

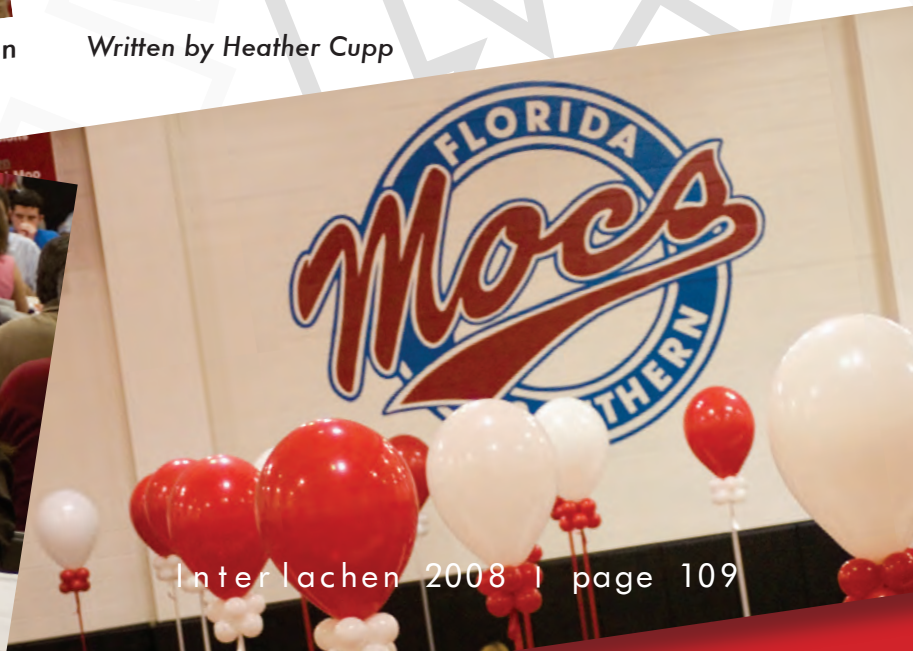

# FAMILY WEEKEND

Friday, October 5, 2007 marked the first day of "Family Weekend." The weekend began with the annual Shrimp Boil, followed by dessert and an exciting game of "Family Feud." On Saturday, students and their families attended topic sessions, the Frank Lloyd Wright tour and the Planetarium show. Afterwards, families enjoyed a picnic lunch, and visited their children's residence halls.

photos by Delany Gatton

# MIDNIGHT MADNESS

Before basketball season takes off, it has become a tradition at FSC to host Midnight Madness at the Jenkins Gym and invite all of NCAA II athletes that represent our school at meets and games all around the region. A pep rally where Mocsie makes sure the say hi to every attendee and red t-shirts are thrown all over the court, it is the perfect time for the Moccasin students to show their school spirit and pride in our athletic teams. Not one student leaves without a souvenir. The cheerleaders and dance group on campus perform and students rock out with their moc out.

# INTRAMURAL SPORTS

# GREEK OLYMPICS

The annual "Greek Olympics" took place in the Greek Quad on November 7, 2007.

The function featured several events in which fraternities and sororities competed for points. For example, one event was the chariot race where each fraternity and sorority competed with a chariot they had created. The fall marketing management class and Michael Holley Chevrolet also sponsored a puzzle-piece scavenger hunt. Sororities and fraternities had to search Chevy Cobalts and Aveos to locate puzzle pieces in order to build a puzzle to earn points toward their score.

# DECEMBER GRADUATION

Graduating students wore their black cap and gowns on December 16, 2007. Students were excited to walk across the Branscomb auditorium stage, and receive their college undergraduate degrees as President Kerr handed them to each individual. As they set forth to begin the next chapter in their lives they are sure to remember their times at FSC and to never forget their alma mater.

GREEK LIFE

# MEN'S BID DAY

FALL 2007

In Greek tradition, the Interfraternity Council hosted this year's "Rush Week" for all seven Florida Southern College fraternities. IFC then hosted "Bid Day" Sept. 26, in which prospective Greeks arrived at 10 o'clock in morning at the Bandshell to see if they had received any bids from the fraternities. Students had to sign a contract first to report if they experienced hazing violations during the rush week process. Afterwards, two representatives from each fraternity waited down a hill in the Greek quad, and those who obtained bids ran down the hill towards the fraternity of their choice. IFC president Bill Mueller said, "It was a lighter rush than expected because each house did not get that many members. [However], they got solid members for the Greek community." That's what counts, quality not quantity," added Mueller.

# ALPHA GAMMA RHO

Alpha Gamma Rho is a social-professional fraternity that is open to all men pursuing an undergraduate or post-graduate degree in the food, life sciences, natural resources, forestry or related agricultural fields. The purpose of AGR is to make better men, and through them a broader and better agriculture. The AGR local philanthropy is Florida Sheriffs Youth Villa, located in Bartow. Every year, the fraternity hosts their annual mechanical-bull riding contest in order to raise funds for the charity.

**Front Row:** Paul Schwarts, Dan Smith, Eric Pacana, Matt Rackley, Richard Geib, Glenn Yula.  
**Second Row:** Brett Erwin, Bruce Hoffman, Ryan Diffinworth, Kevin Jack, Patrick Simons, Baxter Hill, Evan Pearce, Kipp Roll. **Third Row:** Jermey Arnold, Matt Dodge, Jake Bennett, Mike Mackowski, Chris Castellanet Williams, Calum McLellan, Steve Buckley. **Back Row:** Dan Rindt, Ian Eisnaugle, Pat Voldness, Chris Clarry, Josh Sweeny, Jeri Dross, Bryant Manning, Chris Corbin.

# SIGMA CHI

Sigma Chi fraternity was founded in 1855 and the Epsilon Sigma Chapter was established at FSC in 1959. Since then, the fraternity is best known on campus for hosting the annual Derby Days events. These events feature the sororities competing against one another, with all proceeds going to SC's national philanthropy Children's Miracle Network. SC is also known for hosting the Biker Bash event each year.

# INTERFRATERNITY COUNCIL

We the men of the Florida Southern College Interfraternity Council will strive to establish an atmosphere of fairness, equality and Greek Unity while promoting scholastic and philanthropic efforts among all member fraternities.

We shall also serve and support the Lakeland community as it relates to Florida Southern College and its supportive administration, faculty, alumni and present active body.

To all this, we ordain and establish this constitution for the Florida Southern College Interfraternity Council.

The purpose of IFC shall be to develop and maintain fraternity life and interfraternity relations at a high level of accomplishment; to promote a harmonious and unified spirit among male, social fraternities and fraternity men; to promote the interests and welfare of the fraternal system; to act in accordance with such policies as developed by IFC. Events we host are Fall and Spring recruitment, multiple bbqs as well as philanthropic events, and our favorite week called Greek Week where all the fraternities and sororities do battle.

# WOMEN'S BID DAY

FALL 2007

Saturday, September 29 is a day that each of the new Greek will remember for the next four years of their college career. Once again the Greek community met to welcome to the newest members of FSC's sororities". We had a lot of great girls with tons of personality that became new additions to sorority life," Senior Ashley Gero and a ZTA member said, "We are very excited and looking forward to a great year!" After the ladies ran into the Greek Quad the new families continued the celebration.

# ALPHA CHI OMEGA

Alpha Chi Omega is a national organization that enriches the lives of their members through lifetime opportunities for friendship, leadership, learning and service. ACO supports national philanthropies, Alpha Chi Omega Foundation and MacDowell Colony; their local charity is The Peace River Center. Their two major philanthropy events hosted at the FSC campus every year are The Luminary Project in the fall, and Omega Odd Couple in the spring.

# ALPHA DELTA PI

Alpha Delta Pi strives to enrich the lives of its members to help woman attain high scholarship, leadership, service to others, strong character, and a love for one another. Some of the events that Alpha Delta Pi has planned for the 2007-2008 school year include: a Super Smooth BBQ to raise money for the Ronald McDonald House, mixers with other sororities and fraternities, visits to the Ronald McDonald house to cook dinner for the residents, and formal events. Alpha Delta Pi supports other organization's efforts to raise money and awareness of various non-profit groups. Within our chapter we focus on academics, awareness of safety and health issues, and sisterhood bonding.

# ALPHA OMICRON PI

Alpha Omicron Pi strives to offer women a rich heritage and an opportunity to bond with their sisters that form lifelong friendships. Their values comprise of character, dignity, college loyalty, and scholarships. AOP's national philanthropy is the Arthritis Foundation and Juvenile Arthritis Research. For that reason, the sorority host events such as War of the Roses, Color-A-Rose and Strike Out Arthritis, and other sporting events. Together as sisters, AOP holds retreats and senior ceremonies for their members.

# ZETA TAU ALPHA

Zeta Tau Alpha focuses on strengthening sisterhood, building character and serving the FSC campus and local community. The purpose of ZTA is to build friendships, promote happiness among its members, and mold opinions that will produce women of a pure and noble regard. Each sister is held to a higher standard in all areas of life that include service, academics, honesty and loyalty. ZTAs national philanthropy is the Zeta Tau Alpha Foundation for breast cancer education and awareness. Every year ZTAs Delta Beta chapter raises money and awareness for the cause through events such as, the Pink Party and the Mr. Southern Pageant.

*To the Interlachen Staff:*

*This book, CD and DVD are the final products of the joint effort of the entire staff. This project would have never been possible without you!*

*When you took on a position on the yearbook staff, you also committed a lot of your time and a great amount of dedication. I am grateful for each one of you for taking on this project this year.*

*This is a business! We bring and put together every aspect of the book, CD and DVD. We are the ones taking photos, filming video, writing copy, editing pictures, designing the book, brainstorming, editing video, calling vendors, creating banners, printing T-shirts, designing posters, and the list just keeps on going. I am proud to have had the opportunity to be a part of this project and I hope you did too.*

*I have learned so much in the past three years in which I have been a part of the staff. Each year we have seen the book improve from the previous year. It is a learning process and the experience will stay with me forever!*

*To my editors- The Super 6! I could have never done my job without your continuous help, Always being in the office to finish things up and help meet deadlines. Thank you for your commitment!*

**Thank you all for everything you have done for us this year!**
